LONG BIO

Mahbod Gholamhosseini has been DJing since 2006, from intimate underground nights to international festivals. He has played clubs and private events in Iran, Dubai, Georgia, Turkey, Armenia, Spain and across Germany and Europe.

His sets move between house, deep house, techno, tech house, Latin and Middle Eastern classics: deep house at midnight, Middle Eastern classics at two, techno until the lights come on. He mixes, scratches and works live FX, and brings live guitar, percussion and piano into his sets when the night asks for more than a mix.

He produces his own tracks and mixes, among them Flight of Harmony, Lean.I and the Beatbod Mix. Today he is based in Hannover and plays clubs, festivals, weddings and corporate events.
